MOBILE STEAM ENERGY CONSERVATION SEMINAR

Valley Tech Sales is proud to offer Armstrong's "Steam Trap Demo Van"

Utilizing an onboard boiler, glass tubing and cut-away steam traps your technicians will be able to see what *really* goes on in the piping and steam systems.

The discussion (30-45 Mins) will focus on the properties and characteristics of steam. It's energy content, ability to do work, and ways to reduce consumption and boost efficiency.

-THIS IS A FREE TECHNICAL SEMINAR-

Our seminar concludes with a Q & A session to address specific areas of interest.

Training for large & small groups, tailored to your facilities system characteristics.

AREAS COVERED-

- **STEAM** - Why do we use it, Properties of Steam
- **TRAPS** – Various Types, How to check a trap, Proper Sizing of Traps
- **WATER HAMMER** – *Know Thy Enemy*
- **EQUIPMENT** – Coils, PRV Stations, Condensate Movers, New Technology

CONTACT VTS TO SCHEDULE THE VAN AT YOUR FACILITY
